WORK EXPERIENCE

I am currently working as "Associate software intern" at MomentumMerge Consultancy Services Pvt, Ltd. | Bengaluru | There i have contributed in two projects

1. Vehicle Management System - Servlets | Tomcat | JDBC | JSP | J2EE (Solo Project)
2. Job Seekers Website - React js (Team Project)

PROJECTS

- ✔ Artificial Intelligence based drowsines detection | using YOLO Algorithm

   The project aims to leverage YOLO algorithms to recognize patterns associated with drowsiness,such as slow eye movements, frequent blinking,and changes in facial expressions.

- ✔ QR code generator (React.js) - https://smpraveen8.github.io/QRcodeGenerator/

- ✔ Personal profile card(React.js) - https://smpraveen8.github.io/ProfileCard/
